

MUSEUMS THROUGH THE LOOKING GLASS

a fresh look at tomorrow's museum visit

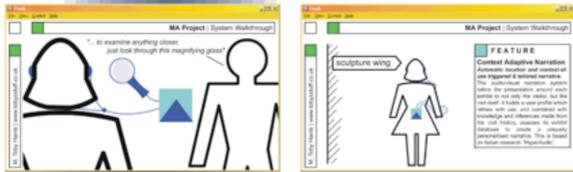

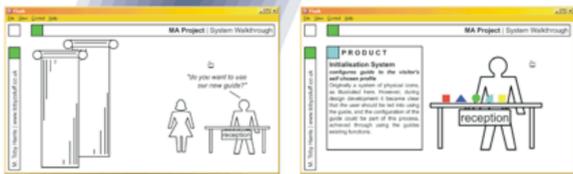

January 2000: start fusion of
 museum visits
 "ambient technology"
 information technology
 through product design

check out the extensive website at
www.tobyzstuff.co.uk/maproject

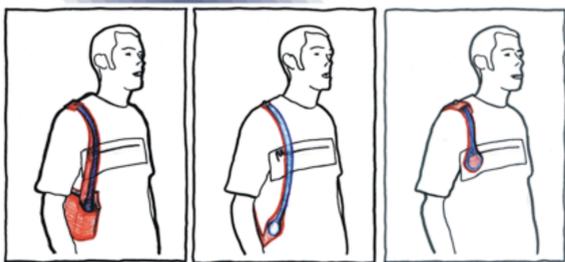

From research...

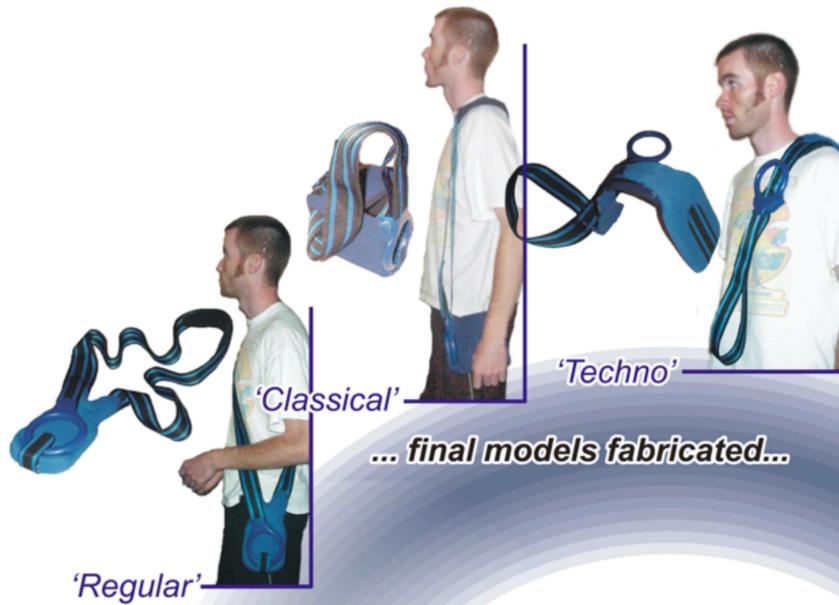

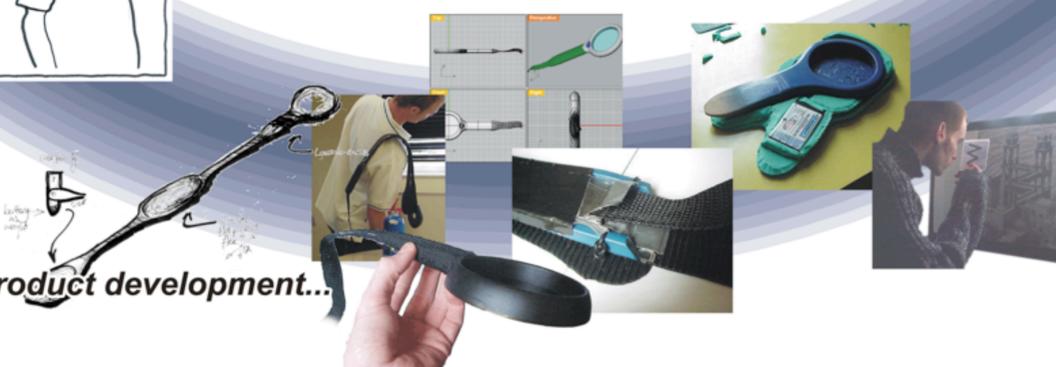

... through a system of products...

... through product concepts...

... through product development...

... final models fabricated...

...and worn qualities...

... to asking
 "would you use it?"

museums
 AMBIENT TECHNOLOGY FOR

an investigation into applying the benefits of many modern technologies to enhance the museum goers' experience

M. Toby Harris | August 2000
